

# Information for users

EN

EN 420+A1:2009 EN 388:2016

PPE CATEGORY II

 Read the instructions carefully.

Complies with the requirements of the standard 89/686/EEC

**Product:** Protective gloves knitted, palm and fingers covered with PVC dots.

<b>Design:</b>	„TITA“	<b>Code:</b>	3630 112 710 XX	<b>Size:</b>	8,10	<b>Manufacturer design</b>	36802010
<b>Material:</b>	49 % Polyethylene HPPE; 22 % Glass Fiber; 20 % Polyester; 9 % Elastan LYCRA; PVC dots.						

**Purpose:** They may serve as a protection of hands against dirt and protection in the working areas where workers have to face minor mechanical hazards (abrasions, soiling...), for example when handling small loads, handling of sharp-edged objects, pre- assembling, cutting of small dry parts and maintenance. Put the gloves on dry, clean hands.

The gloves were tested in accordance with EN 388 - mechanical hazards (The higher the number, the higher the protection factor)			
A (0-4)	Abrasion resistance:	Performance level 4	 A.B.C.D.E.F.
B (0-5)	Blade cut resistance (coupe test)	Performance level 4	
C (0-4)	Tear resistance	Performance level 4	
D (0-4)	Puncture resistance	Performance level X	
E (A-F)	Cut Resistance (TDM)	Performance level D	
F(P/X) or nothing	Impact protection	Performance level X	
EN 420 - protective gloves (general requirements)			
(1-5)	Dexterity	Performance level 5	
„X“ = test not performed or not applicable..			

**Please note:** The user must check the gloves before and after use to verify that they are in the required condition. Do not use as a protection against different hazards and classes. Do not use the gloves for handling with flames or hot or heated objects, toxic chemicals or greasy objects. Not resistant to soaking.

It is not allowed to wear these gloves in cases with risk of entanglement with moving parts of machines. Due to the dulling of the blade during the cut resistance test (B) the results of the cut tests are only indicative, while the TDM (E) cut resistance test is the result of the reference design. The mentioned facts may help the user for rational use of this type of protective gloves. It is the responsibility of every user to judge, whether the gloves are used in suitable conditions.

**Maintenance, lifetime:** After use, make sure the gloves are removed from all pollutants. Thus, you will extend their lifespan. The gloves are designed for single or short-term use only. Dry a damp muff further away from sources of heat at the room temperature. Wash in hand, max wash bath temperature 40°C. Any dirt should be brushed out using a soft brush. Do not clean chemically, bleach, dry in a tumble dryer, or iron. Worn through, burned through, strongly fouled or stiffened pairs have to be replaced with new ones. We are not responsible for any reduction of the protective function due to incorrect care. Under suitable storage conditions, shelf life is 2 years.

**Storing and transport:** Storing in a clean, dry and ventilated place at the room temperature, without any contamination by moisture, dirt, mould, or other agents reducing the level of protection. Do not expose it to solar radiation. The supplier doesn't provide warranty for such damage. Carry them preferably in original package.

**Accessories:** The product is supplied without accessories.

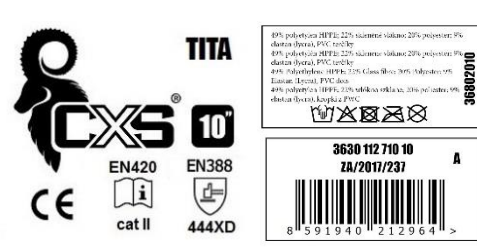

**Dangerous admixtures:** The product does not contain any substances, which are known for their adverse impact on hygiene and health of users nor there are suspected of it. In spite of that, the materials which come into contact with a user's skin can cause an allergic reaction in sensitive individuals. If skin irritation or allergic reaction contact your doctor immediately.

**Disposal:** Dispose of used gloves with respect of the soiling level according to the applicable disposal regulations and the regulations of the local authority. Unused gloves can be disposed of with domestic waste.

The Notified Body that performs conformity assessment:

Notified Body No. 0075, CTC 4 rue Hermann Frenkel 69367 Lyon cedex 07 France.

The Declaration of Conformity can be found here: [www.canis.cz](http://www.canis.cz); for individual products, in the bar "Documents to download".

<b>Marking - example:</b>		
„TITA“	Type of gloves	
9	Size	
	Pictogram and number of the standard that the product complies with	
444XD	Results of the tests carried out	
CE	Conformity mark	
cat II	Glove category	
	Symbol indicating the necessity to read the instructions	
„A“	Production identification	
36802010	manufacturer design	
	Authorised representative identification
